MAINTENANCE DREDGING

OHIO RIVER MILE 226.9

Notice is given that on or about 07 September 2004, Valley Inc. will commence maintenance dredging at the Century Aluminum of WV facilities, along the left descending bank of the Ohio River, mile 226.9.

The contractor's floating plant will consist of the M/V DALE TAYLOR, one material barge, and one barge mounted crane. The M/V DALE TAYLOR will be monitoring marine channels 13, 16, and 6. Work will be performed Monday through Friday, between the hours of 6:00 a.m. and 6:00 p.m. It is anticipated that this work will be completed on or about 28 September 2004. The dredged material will be transported to mile 0.8 on Mill Creek and disposed upland on Valley Inc. property.

During non-working hours, the contractor's floating plant will be moored along the left descending bank at mile point 229.5.

Mariners are urged to transit at their slowest safe speed to minimize wake and to proceed with caution.

ARLIE D. BISHOP
Chief, Technical Support Branch
